

# **Free Weather Lecture**

## **(Open to the general public)**

**Presented by the National Weather Service  
(Burlington, VT)**

---

**Hosted by:** The Atmospheric Sciences Research Center, SUNY Albany

**Presenter:** Conor Lahiff (Meteorologist, NWS Burlington, VT)

**Where:** ASRC Whiteface Field Station  
110 Marble Mountain Lane  
Wilmington, NY 12997

**When:** Tuesday July 26<sup>th</sup>, 2016 @ 7:00 p.m.

**This free lecture will highlight general summer weather across the North Country, including severe weather hazards such as thunderstorms and flash flooding. In addition, we will take a look back at this past winter's weather, and what to expect in the upcoming winter as well.**

**If you have any questions, please contact Conor Lahiff at [conor.lahiff@noaa.gov](mailto:conor.lahiff@noaa.gov).**
